

EuroKidsTM

Pre-School & DayCare

THE EXPERTS
IN CHILDCARE
BRING TO YOU
EXPERT DAYCARE.

The experts in childcare bring you expert DayCare.

At EuroKids, we specialise in early childhood education. In the past 16 years, we've raised the bar for Pre-School education in the country. Starting in 2001 with just 2 Pre-Schools, we've grown into a strong network of over 900 Pre-Schools, spread across 350 towns and cities, having nurtured more than 300,000 children till date.

EuroSchool, the primary and secondary school arm of EuroKids, currently operates 10 schools offering CBSE, ICSE & IGCSE Boards with a strength of over 13,000 students. It offers a unique philosophy of 'Balanced Schooling'.

EuroKids also extends its arm by offering DayCare solutions for children in the age group of 6 months to 6 years, with safety and fun as the core focus.

Welcome to EuroKids Pre-School & DayCare.

As experts in childcare, we at EuroKids understand that providing the right and secure environment for the child can be quite stressful for working parents.

That's why we bring to you EuroKids DayCare. An exclusive daycare facility at your workplace vicinity, to help you focus on work while we take care of your toddler. At EuroKids, we plan, build and run a best-in-class childcare facility through various daycare models designed to make parenting easy & comfortable for you.

DayCare with a Difference

Child-friendly Ambience

Located in peaceful, up-market locations, our DayCare provides an environment wherein children are safe, nurtured, loved and encouraged to learn. The colourful and child-friendly ambience adds to children's excitement and ensures that they are safe.

Unique Delivery Method

Our teaching methodology at the DayCare has been devised to suit the age group. Over the years, we have perfected the art of first drawing the child's attention and then keeping his/her mind engaged and making the learning process interesting and absorbing.

Hygiene & Safety

For us, hygiene and safety of children matter a lot. This has translated into us taking complete care in maintaining hygiene in our Pre-School & DayCare. We've introduced and implemented safety & hygiene measures in all our Pre-Schools and have also equipped them with CCTV cameras.

Trained & Experienced (All Female) Staff

We pay a lot of attention to the quality of staff employed at EuroKids. Every teacher at EuroKids is qualified and trained to impart education in a friendly and innovative manner. Along with this, we also implement the following measures:

- We employ well-trained staff and provide them regular training
- We conduct background checks for all employed staff
- We ensure medical fitness of the staff

Learning with Engagement

The age-appropriate activities at EuroKids DayCare focus on building Executive Function Skills, social skills and teamwork among children, and help them learn new things. These include:

- Treasure hunt
- Let's go fishing
- Painting outdoors
- Clap and act

Along with this, the DayCare also offers the following:

- Activities designed to ensure physical well-being of the children
- Audio-visuals and appropriate toys to keep the children happy & engaged
- A collection of children's books at the library to enhance children's reading abilities

Meals on Demand

We take care of your child's nutrition by offering them a safe and nutritious diet plan at our DayCare.
